## 600 HENS IN CONTEST

NATIONAL EGG-LAYING CONTEST TO CONTINUE FOR ONE YEAR.

## 32 BREEDS TAKING PART

Each is Registered and Each Egg is Marked When It is Laid—\$10,000 For Experiment Station.

The following appeared in a recent issue of the St. Louis Republic in regard to 600 hens starting in an egg-laying contest to continue for one year:

Mountain Grove, Mo.—Big hens and little hens of every color, blend and breed, have toed the mark here and are "off in a bunch" in the first national egg-laying marathon.

Although this is the fourth day of the race, there has been so much cackling among the 600 contestants that the egg gatherer has been on the jump from daylight till dark, releasing each hen from her trap nest and crediting her with her day's work. He has not had time to figure which breed is off in the lead in this 365-day contest.

The last Missouri legislature appropriated \$10,000 for a poultry experiment station to be under the direction of the state poultry board and gave them a general appropriation of \$25,000 to carry on their regular work and for prizes to be offered at poultry shows.

The business men of Mountain Grove raised \$5,000 and purchased thirty-five acres of an apple orchard adjoining their city which they gave to the poultry board as a site for the experiment station. On October 12, the administration building was dedicated, several thousand poultry raisers from all parts of the state and neighboring states being present at the exercises.

In outlining the work for the experiment station the board decided to hold a national egg-laying contest, to obtain definite information on the cost of producing eggs from various breeds.

They solicited entries of pens of five hens each from the poultry raisers of America and offered suitable prizes to the winners in various classes and breeds. The number of entries filed was so large that some of them had to be declined on account of lack of room at the station.

Entries for 132 pens were accepted and accommodations prepared for them. The laying houses are 8x19 feet, partitioned through the middle with wire netting making two apartments in each house. Each apartment has a yard 30x120 feet.

The hens representing two entries of the same breed, occupy each yard and apartment. There are thirty-two breeds taking part in the contest, the entries having been sent from thirty-four states, with three pens from Canada.

The hens arrived at the experiment station during September and October, to become accustomed to their surroundings, so they would be in condition for the egg-laying race. As the hens arrived each was registered and a numbered band fastened to her left leg.

The hens are all trap-nested and the number of the band written on the egg with pencil when the hen is released. One man gives his entire time to gathering the eggs, releasing the hens as soon as possible after they have laid.

Each hen has a tray in the egg room at the administration building, in which her eggs for each week are accumulated. Every seven days the eggs are weighed, the weight credited to her and then sold on the market. A record in the office shows which hens have laid each day, and this record will be final in making out the list of prize winners.

If a contesting hen becomes sick during the year she will be removed from the pen and a substitute hen from the same owner will take her place and get credit for all eggs laid by her predecessor.

At the end of the year the cost of

feed for each yard will be divided between the ten hens in it, and the credit on eggs will show how much money each hen has netted during the year.

No male birds will be placed in the yards until about the first of January and about the first of February a few eggs from each hen will be placed in small hatching traps in the incubators.

The chicks will be marked before being taken from the tray, so that each hen's offspring can be identified at any time, and the growth and vitality noted. The chickens of each breed will be placed together in brooders, and all the feed will be weighed and charged to each brooder to determine the cost of growing the different breeds.

Tests will be made for the fertility in eggs from the heavy laying breeds, and their offspring will be watched closely to determine the vitality of those chicks as compared to chicks from less productive layers of the same breed.

No entry fee was charged for the national egg-laying contest, but the state poultry board will award cash prizes and valuable cups to the pen laying the most marketable eggs during the year, to the second pen and to the third pen. Also to the hen which lays the most marketable eggs during the year.

Several poultry clubs have offered valuable prizes for the winners in their particular breeds, and a poultry journal offers twelve beautiful silver cups to be awarded, one each month, to the pen producing the most eggs in thirty days.

T. E. Quisenberry, who has been secretary to the board since its organization six years ago, is director of the poultry experiment station, and Mrs. T. E. Quisenberry has been appointed by the board to have entire charge of the records during the contest.

Two reliable poultry men under Mr. Quisenberry's direction will have charge of gathering the eggs and caring for the hens during the contest, and no other persons will be allowed in the yards or houses. However, all other yards and houses at the experiment station are open to the public and visitors are welcome.

## WOULD NOT GRANT CHANGE.

Were Not Enough Legal Signers on Petition for Change of Public Road.

The county court, after hearing all day Wednesday the road case from Union township for a change in a public road, did not allow the change. There were fifteen legal signers on the petition asking for a change, and four of the signers later signed the remonstrance petition, leaving eleven legal signers. As it takes twelve legal signers, the court would not allow the change.

Charles Frost of this city was admitted to the county poor farm.

The court in session Thursday allowed a number of bills and will probably adjourn this evening.

## WERE MORE BIRTHS

THAN DEATHS IN NODAWAY COUNTY FOR AUGUST.

## THE STATE BOARD REPORT

According to Report There Were 140 Births and 67 Deaths for Quarter Ending June 30, 1911.

For the month of August in Nodaway county there were 59 births and 18 deaths, according to the state board of vital statistics. The local board sends in to the state board every month the births and deaths in the county.

The following are the number of deaths and causes of death for that month:

- Tuberculosis of lungs, 1.
- Cancer, 1.
- Other diseases of the nervous system, 1.
- Diseases of the heart and circulatory system, 1.
- Diarrhoea and enteritis, under 2 years of age, 1.
- Acute nephritis and Bright's disease, 2.
- Accidents, 4.
- Other causes, 6.

The quarterly bulletin of the state board of health was issued this week. It covers the quarter ending June 30 of the vital statistics gathered for the months of April, May and June. It also gives figures for the months of January, February and March. During the three months ending March 31 there were 12,815 deaths reported in this state and of which number 2,432 were from pneumonia. "These very interesting but startling figures emphasize the immense death rate the state suffers from by this infectious disease," the bulletin says. Regarding the handling of this disease the bulletin says: "All cases should be segregated, the bedding and dishes, with which the patient comes in contact, should receive the same disinfection as is generally regarded as necessary in tuberculosis, typhoid fever and other well known communicable diseases."

During the months of April, May and June there were a total of 16,807 births reported and 10,202 deaths in the state. Of these deaths, tuberculosis led the list with 1,153, pneumonia and bronchial troubles second, with 1,146; heart and circulatory troubles caused 1,093 deaths. Typhoid fever had but 116 to its credit. There were 474 accidental deaths, 160 suicides and 67 homicides.

The record for Nodaway county was 140 births and 67 deaths for that quarter.

## RETURNS AFTER 31 YEARS.

Had Not Been Heard From for the Past Twenty-Five Years.

John Nicola was given a happy surprise one day last week when his son Charley dropped in on him. Charley left Hopkins some thirty-one years ago, and his father nor anyone of the relatives had heard from him during the last twenty-five years.

He has been all through the west and during his absence accumulated considerable of this world's goods, but, unlike most men, he has neglected to secure for himself a wife, so it is generally conceded that his return to this city is to capture one of the many fair damsels for which Hopkins is noted.

Many changes have taken place in Hopkins since he left here, and there is also a great change in Mr. Nicola, who is now a large, well proportioned man, while he was a mere stripling of a lad when he left here.—Hopkins Journal.

## Returned From California.

John Mutz of the Bee Hive Shoe company returned Wednesday night from a business and pleasure trip to San Francisco, Cal., where he took a car of Shorthorn cattle for Charles D. Bellows. Mr. Mutz spent several days at Hanford, Cal., the guest of Miss Jennie Stewart.

## TO HAVE NEW BAND

COMMERCIAL CLUB TO TAKE UP ADVISEMENT OF MATTER.

## WE NEED A GOOD BAND

L. V. Lawler of the Albany Band is in Town to Meet Our Band Men Thursday Evening.

It looks now as if Maryville is going to have a permanent band and orchestra. A number of the band boys have been busily at work to see if a leader could be secured. They have received offers, and the matter will be taken up soon.

L. V. Lawler, director of the Albany band, which played in Maryville during the recent street fair, was in the city Thursday and will meet with the band boys and several others at the Commercial club rooms this evening. At that time a proposition will be made by Mr. Lawler. The matter will be taken up by the Commercial club at their regular meeting next Tuesday evening to see if the club can help out the boys.

Maryville surely needs a band. While we have had one for some time, there has been no organization and very little practice since Donald Cady, the last director, left. With a good leader a band could be organized here that would be hard to beat.

## DIED AT SUMPTER, ORE.

Former Maryville Girl Died Sunday—Was Mary Lee Huyett of St. Joseph.

Huyett, Jr., of St. Joseph, and one sister, Miss Eda Huyett, at home. Mrs. Huyett went to Oregon last week and arrived the day before her daughter died. The funeral services were held Thursday. Mrs. Baird was 35 years old.

## ADDRESSED Y. M. C. A.

Rev. C. J. Miller Gave Some Reasons Why a Young Man Should be a Member.

All the young men who were present at the Y. M. C. A. meeting at the Normal Thursday morning were convinced of the value of being a member of the Y. M. C. A. by Rev. Claude J. Miller's address on "Why You Should Join the Y. M. C. A." Rev. Miller gave some excellent reasons why a young man should be a member of the Young Men's Christian association. He touched on some very interesting personal reminiscences of his Y. M. C. A. work when he was a student in Drake university. The interest in the Y. M. C. A. at the Normal is growing rapidly and the organization promises to become an important factor in the school life of the young men of that institution.

Rev. Lee Harrel gave a splendid biographical sketch of Dean David Evans of William Jewell college and of Professor W. O. Lewis of the same school. Mrs. May Clark Denny gave a reading. ## FOR FAIR WORKERS

COMMERCIAL CLUB DINED THERE WEDNESDAY NIGHT.

## STREET FAIR NEXT YEAR

With a Big Stock Show—Will Be Given—Resolutions to Be Drafted for Mayor Robey.

The fish fry supper given at Elmer Green's cafe Wednesday evening by the Commercial club, complimentary to the street fair workers, was certainly a success and largely attended. One member of the street fair committee that was absent was Mayor Arthur S. Robey, who was president of the street fair association. A letter from Mr. Robey was read by Toastmaster Frank G. Shoemaker, saying that he was sorry that he could not attend, and expressed the hope that more gatherings of the kind could be held, as it meant much for the welfare of Maryville.

A committee composed of G. B. Roseberry, W. F. Bolin and Nic Sturm was appointed by Mr. Shoemaker to draft resolutions expressing the sympathy of the entire assemblage to Mayor Robey in his deep grief.

After the supper was served a number of short talks were given. From the sentiment of those present Maryville is going to have a street fair and a stock show next year that will far outclass anything in this part of the country. R. P. Hosmer talked on the stock features and said that for next year horses, cattle, hogs and poultry should be added to the fair. This brought up the subject of an old-fashioned county fair, which has been discussed for some time.

Other talkers of the evening were F. P. Reuillard, Lawrence Schumacher, F. P. Robinson, J. F. Hull, Mark Turner, W. F. Bolin and John Price.

## SOLD NEWS STAND.

### BEN CRAVENS REARRESTED

TAKEN BY OKLAHOMA OFFICERS AT PENITENTIARY GATE.

Desperate Man Must Now Answer for Killing Postmaster at Red Rock in 1901.

Jefferson City, Nov. 9.—Charles Maust, identified as Ben Cravens, the notorious outlaw, was arrested as he stepped from the state prison gate to be taken to Oklahoma to be tried in the United States court for two murders.

The arrest was made at midnight to get ahead of the Kansas officers, who had arrived to take him to Lansing to complete a 25 year sentence for robbery in Chautauqua county.

Four Oklahoma officers and two officers of the Kansas penitentiary identified Maust as Cravens when he was arraigned before United States Commissioner Geisberg for the killing of the postmaster at Red Rock, Ok., in 1901. That section was then an Indian reservation, hence the offense charged will be tried in the federal courts.

Cravens was then turned over to A. J. Martin of Kansas City, United States marshal, who took him as far as Kansas City, where he was given up to government authorities from Oklahoma. Cravens was heavily handcuffed and in addition wore a heavy leg iron.

Cravens' body bears scars from bullet wounds and upon these, partly, his identification as Cravens was established. Cravens asserts he was not shot by Oklahoma officers in a fight which resulted in the death of a companion, but that he was shot by Kansas authorities when he escaped from the state penitentiary at Lansing, after holding up guards with a dummy revolver.

Cravens, under the name of Maust, was sent to the Missouri penitentiary in 1893 to serve three years for robbery.

### Typhoid Spread by Pop.

Topeka, Nov. 9.—A warning to pop-makers regarding water used in making soda pop has been sent out by the Kansas board of health. It has long been asserted by pop manufacturers that the carbon oxide gas in the pop under pressure killed all bacteria. N. P. Sherwood and C. C. Young, in charge of the water laboratories of the board of health, found that germs still lived in soda pop and that there was danger of the spread of typhoid fever.

### Cattle Wrecked a Train.

Tulsa, Ok., Nov. 9.—A southbound Midland Valley passenger train was wrecked by a herd of steers four miles north of Skiatook. The cattle were asleep alongside the track and the approaching train caused them to stampede and charge the locomotive.

## METHODIST BISHOP SUEDE FOR LIBEL

New Development in Topeka's Missionary Society Row.

### MRS. COPE ASKS FIFTY THOUSAND

Churchman Refuses to Retract Charges and Committee is Unable to Patch Up Trouble.

Topeka, Nov. 9.—A suit for libel for \$50,000 damages was brought by Mrs. Carrie Cope against Bishop David H. Moore of Cincinnati. The bishop refused to retract his charges against Mrs. Cope made in a letter relating to trust funds in the care of the Topeka woman.

Four bishops of the Methodist church were in Topeka all afternoon trying to work out a settlement of the legal and personal controversy in the church growing out of the bequest of Mrs. Fannie Murray. When Bishop Moore refused to retract, all negotiations were off and just as fast as lawyers could get to the courthouse the libel suit was filed. Bishop Moore was served with the summons shortly after 5 o'clock.

Mrs. Cope alleges that a letter by Bishop Moore was calculated to injure her "as a citizen, as a wife, as a mother, and as a Christian." She declares she has been "humiliated, pained and hurt" and that she is entitled justly to damages in the sum of \$50,000.

That is the second suit Mrs. Cope has brought. The first one was filed at Wichita against Mrs. George C. Robinson of Detroit, president of the Women's Home Missionary society of the Methodist church. At the Kansas conference at Abilene in March Bishop Moore wrote a letter to Mrs. Robinson regarding the Murray trust fund. This letter was circulated by Mrs. Robinson and caused the libel suit against her.

"I have nothing to retract," Bishop Moore said. "I meant no reflection on the financial honesty of Mrs. Cope and there is nothing in the letter that I need apologize for. I have been sued and that is a novel experience for me."

C. W. Smith of Portland, Ore.; J. F. Berry of Buffalo and J. L. Nuelson of Omaha, all bishops of the Methodist church, came to Topeka shortly after noon to see what could be done.

### THREE BIG TEACHERS' MEETINGS

Annual Sessions Open in Missouri, Kansas and Iowa, Addressed by Noted Men.

Topeka, Kan., Nov. 9.—"What Next in Kansas Educational Work" was the keynote sounded by President M. E. Pearson when he called to order today the State Teachers' association, and the entire program is designed to answer this question. Men and women eminent in various lines of educational work are among the speakers. The boy scouts in uniform meet all incoming trains, and the women of Topeka have arranged ample entertainment for the spare hours of the visitors.

The general and department sessions will continue through Saturday.

## CARDUI WORKED LIKE A CHARM

After Operation Failed to Help,  
Cardui Worked Like a Charm.

Jonesville, S. C.—"I suffered with womanly trouble," writes Mrs. J. S. Kendrick, in a letter from this place, "and at times, I could not bear to stand on my feet. The doctor said I would never be any better, and that I would have to have an operation, or I would have a cancer.

I went to the hospital, and they operated on me, but I got no better. They said medicines would do me no good, and I thought I would have to die.

At last I tried Cardui, and began to improve, so I continued using it. Now, I am well, and can do my own work. I don't feel any pains.

Cardui worked like a charm." There must be merit in this purely vegetable, tonic remedy, for women—Cardui—for it has been in successful use for more than 50 years, for the treatment of womanly weakness and disease.

Please try it, for your troubles. N. B.—Write for Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

## TURKS DID NOT ASK MEDIATION

U. S. Was Only Asked to Intervene  
to Stop Atrocities.

### AMERICA WILL NOT INTERFERE

Italy Declares Only People Guilty of  
Cruelties Were Arabs—European  
Powers Only are  
Concerned.

Washington, Nov. 9.—Misconstruction of the appeal made by Turkey at Tripoli resulted in the issuance of a statement by Youssouf Zia Pacha, the Turkish ambassador, declaring that Turkey had no wish that the United States should act as a mediator to end the Turko-Italian war.

"The call which the embassy made on the Washington government October 4 had for its object a request of the state department to intervene in order to bring about cessation of the atrocities committed by the enemy against women, children and the defenseless population of Tripoli," said the ambassador. "This appeal did not imply in any form, whatever, a request for mediation, as has been reported in some quarters."

Further official denials from the Italian government of the rumored atrocities by Italian troops at Tripoli were given out during the day through the Italian embassy. Three cablegrams from the minister of foreign affairs, San Giuliano, were made public by Marquis Cusani Confalonieri, the ambassador.

The first of these said: "I beg your excellency to deny in the most absolute and emphatic form the alleged Italian cruelties. The Arabs are the ones who are guilty of atrocities against our soldiers."

Another official dispatch denies the statements heretofore made that Gen. Caneva had authorized the troops to shoot all Arabs suspected of having borne arms against the Italians. It was stated that many of the Arabs actually found with arms in their possession were deported instead of being shot.

Apparently the state department has decided to take no action upon the protest of the Turkish government, contenting itself with a bare acknowledgement of the receipt of the protest and meanwhile closely watching developments. The department officials still are firm in their conviction that the issue between Turkey and Italy is one that concerns European powers alone.

American Consul John Q. Wood, at Tripoli, reported the city in an extremely unsanitary condition. He advised state department that he did not desire to avail himself of the refuge offered by the cruiser Chester, which has arrived and sailed almost immediately for Marseilles.

### BURGLAR SCARE FALSE ALARM

Wichita Woman Got Up in Her Sleep  
And Put Money in Wood  
Box.

Wichita, Kan., Nov. 9.—For several hours Mr. and Mrs. C. C. Wilbur hunted for \$1,200 they had when they went to bed. The presence of so much money in the house weighed on Mrs. Wilbur's mind and it is supposed that while asleep she rose and, taking the roll of bills from a supposedly safe hiding place where her husband had left it on going to bed, secreted it. In the morning the money could not be found and no one could recall having disturbed it. Detectives were summoned, but before they reached the house a member of the family discovered the missing money in a woodbox.

Sulphur is a Natural Element of the Hair

When there is not a sufficient amount of sulphur in the hair, it loses its life, color and strength, turns gray, and falls out. There are many forms of sulphur, but only one kind that is suitable for treatment of the hair and scalp, and that is the kind used in preparing WYETH'S SAGE AND SULPHUR HAIR REMEDY.

We Have the Secret, and We Give You the Benefit of It at an Exceedingly Low Price

**BALDNESS CURED**

For two or three years my hair had been falling out and getting quite thin, until the top of my head was entirely bald. About four months ago I commenced using Sage and Sulphur. The first bottle seemed to do some good and I kept using it regularly, until now I have used four bottles. The whole top of my head is now fairly covered with hair, and it keeps coming in thicker. I shall keep on using it a while longer, as I notice a constant improvement.

The Old Reliable

### THE TIGERS LEAD

In the Normal Basket Ball Tournament With a Percentage of .642.

Standing of Teams.	P.	W.	L.	P. Ct.
Tigers .....	14	9	5	.642
Athletics .....	13	8	5	.651
Dodgers .....	14	7	7	.500
Dwarfs .....	13	5	8	.384
Giants .....	14	5	9	.357

Again Captain Mitchell's "Bengals" are leading the basket ball tournament as a result of their trouncing the Dodgers Wednesday night by a count of 17 to 8. The Athletics remained idle, hence they retain their percentage of .615. Wednesday's defeat practically puts the Dodgers out of running, though they still have a scant chance to win the rag. The game last night was hard fought, especially in the early period, the first half ending in a tie, 5 and 5. In the second half Nixon replaced Miller at center, and his place was taken by Holmes. This combination worked to a better advantage, and after Captain McGrew of the Dodgers was benched for disputing the referee's decision the Tigers had little trouble in winning. The line-up:

Tigers—Mitchell and Carpenter, forwards; R. Miller and Nixon, center; Nixon, Holmes and Scott, guards.

Dodgers—Ferris and Denny, forwards; H. Seymour, center; McGraw, Mutz and Parman, guards.

Summary—Field goals, Carpenter 2, Mitchell 3, Scott 1, H. Seymour 2, Free throws, Carpenter 5, Denny 2, Seymour 2.

In the after-show the Dwarfs humbled the Giants in a walkaway score of 23 to 4. The Giants were held to one field goal and were equally as successful on the defence. Captain McClintock's men scored ten field goals, Daise leading in the attack with four. When it comes to defence the Dwarfs are about the "kandiest bunch what is."

Captain McClintock himself can guard two men and not get out of breath, either. His position on the first team is assured.

The line-up of the Dwarf-Giant game:

Dwarfs—Dunshee, Daise and LaMar, forwards; Breit, center; McClintock and F. Miller, guards.

Giants—V. Seymour and Taylor, forwards; McDougal, center; Hanna and Price, guards.

Summary—Field goals, Price 1, Dunshee 1, Breit 3, Daise 4, McClintock 1. Free throws, Seymour 2, Dunshee 3, Daise 1.

At the request of the fans the basket ball games scheduled for Friday afternoon will be played Friday night at 8:15 o'clock at the Normal gymnasium.

As the tournament closes next week the games Friday night will be very hotly contested. An admission of ten cents will be charged. The Athletics will line up against the Giants and the Dwarfs will play the Dodgers.

### IOWA WOMAN ALLEGED POISONER

Five Separate Times Gave Sister Poison to Be Placed in Wealthy Father's Food.

Northwood, Ia., Nov. 9.—Mrs. Ella Larsen was placed on trial in the district court here, charged with attempting to poison her father, Douglas Rhodenbaugh, a wealthy farmer.

Marion Rhodenbaugh, a young sister of Mrs. Larsen, was among the first witnesses. She testified that Mrs. Larsen gave her Paris green five separate times and told her to mix the poison in tea, coffee and other food prepared for the father. The dates of these attempts at poisoning ranged a year ago to within the last four months. The state has indicated that it will endeavor to prove that Mrs. Larsen sought to poison her father to obtain possession of his property.

## 600 HENS IN CONTEST

NATIONAL EGG-LAYING CONTEST TO CONTINUE FOR ONE YEAR.

## 32 BREEDS TAKING PART

Each is Registered and Each Egg is Marked When It is Laid—\$10,000 For Experiment Station.

The following appeared in a recent issue of the St. Louis Republic in regard to 600 hens starting in an egg-laying contest to continue for one year:

Mountain Grove, Mo.—Big hens and little hens of every color, blend and breed, have toed the mark here and are "off in a bunch" in the first national egg-laying marathon.

Although this is the fourth day of the race, there has been so much cackling among the 600 contestants that the egg gatherer has been on the jump from daylight till dark, releasing each hen from her trap nest and crediting her with her day's work. He has not had time to figure which breed is off in the lead in this 365-day contest.

The last Missouri legislature appropriated \$10,000 for a poultry experiment station to be under the direction of the state poultry board and gave them a general appropriation of \$25,000 to carry on their regular work and for prizes to be offered at poultry shows.

The business men of Mountain Grove raised \$5,000 and purchased thirty-five acres of an apple orchard adjoining their city which they gave to the poultry board as a site for the experiment station. On October 12, the administration building was dedicated, several thousand poultry raisers from all parts of the state and neighboring states being present at the exercises.

In outlining the work for the experiment station the board decided to hold a national egg-laying contest, to obtain definite information on the cost of producing eggs from various breeds.

They solicited entries of pens of five hens each from the poultry raisers of America and offered suitable prizes to the winners in various classes and breeds. The number of entries filed was so large that some of them had to be declined on account of lack of room at the station.

Entries for 132 pens were accepted and accommodations prepared for them. The laying houses are 8x19 feet, partitioned through the middle with wire netting making two apartments in each house. Each apartment has a yard 39x120 feet.

The hens representing two entries of the same breed, occupy each yard and apartment. There are thirty-two breeds taking part in the contest, the entries having been sent from thirty-four states, with three pens from Canada.

The hens arrived at the experiment station during September and October, to become accustomed to their surroundings, so they would be in condition for the egg-laying race. As the hens arrived each was registered and a numbered band fastened to her left leg.

The hens are all trap-nested and the number of the band written on the egg with pencil when the hen is released. One man gives his entire time to gathering the eggs, releasing the hens as soon as possible after they have laid.

Each hen has a tray in the egg room at the administration building, in which her eggs for each week are accumulated. Every seven days the eggs are weighed, the weight credited to her and then sold on the market. A record in the office shows which hens have laid each day, and this record will be final in making out the list of prize winners.

If a contesting hen becomes sick during the year she will be removed from the pen and a substitute hen from the same owner will take her place and get credit for all eggs laid by her predecessor.

At the end of the year the cost of

feed for each yard will be divided between the ten hens in it, and the credit on eggs will show how much money each hen has netted during the year.

No male birds will be placed in the yards until about the first of January and about the first of February a few eggs from each hen will be placed in small hatching traps in the incubators.

The chicks will be marked before being taken from the tray, so that each hen's offspring can be identified at any time, and the growth and vitality noted. The chickens of each breed will be placed together in brooders, and all the feed will be weighed and charged to each brooder to determine the cost of growing the different breeds.

Tests will be made for the fertility in eggs from the heavy laying breeds, and their offspring will be watched closely to determine the vitality of those chicks as compared to chicks from less productive layers of the same breed.

No entry fee was charged for the national egg-laying contest, but the state poultry board will award cash prizes and valuable cups to the pen laying the most marketable eggs during the year, to the second pen and to the third pen. Also to the hen which lays the most marketable eggs during the year.

Several poultry clubs have offered valuable prizes for the winners in their particular breeds, and a poultry journal offers twelve beautiful silver cups to be awarded, one each month, to the pen producing the most eggs in thirty days.

T. E. Quisenberry, who has been secretary to the board since its organization six years ago, is director of the poultry experiment station, and Mrs. T. E. Quisenberry has been appointed by the board to have entire charge of the records during the contest.

Two reliable poultry men under Mr. Quisenberry's direction will have charge of gathering the eggs and caring for the hens during the contest, and no other persons will be allowed in the yards or houses. However, all other yards and houses at the experiment station are open to the public and visitors are welcome.

## WOULD NOT GRANT CHANGE.

Were Not Enough Legal Signers on Petition for Change of Public Road.

The county court, after hearing all day Wednesday the road case from Union township for a change in a public road, did not allow the change. There were fifteen legal signers on the petition asking for a change, and four of the signers later signed the remonstrance petition, leaving eleven legal signers. As it takes twelve legal signers, the court would not allow the change.

Charles Frost of this city was admitted to the county poor farm.

The court in session Thursday allowed a number of bills and will probably adjourn this evening.

## WERE MORE BIRTHS

THAN DEATHS IN NODAWAY COUNTY FOR AUGUST.

## THE STATE BOARD REPORT

According to Report There Were 140 Births and 67 Deaths for Quarter Ending June 30, 1911.

For the month of August in Nodaway county there were 59 births and 18 deaths, according to the state board of vital statistics. The local board sends in to the state board every month the births and deaths in the county.

The following are the number of deaths and causes of death for that month:

Tuberculosis of lungs, 1.

Cancer, 1.

Other diseases of the nervous system, 1.

Diseases of the heart and circulatory system, 1.

Diarrhoea and enteritis, under 2 years of age, 1.

Acute nephritis and Bright's disease, 2.

Accidents, 4.

Other causes, 6.

The quarterly bulletin of the state board of health was issued this week. It covers the quarter ending June 30 of the vital statistics gathered for the months of April, May and June. It also gives figures for the months of January, February and March. During the three months ending March 31 there were 12,815 deaths reported in this state and of which number 2,432 were from pneumonia. "These very interesting but startling figures emphasize the immense death rate the state suffers from by this infectious disease," the bulletin says. Regarding the handling of this disease the bulletin says: "All cases should be segregated, the bedding and dishes, with which the patient comes in contact, should receive the same disinfection as is generally regarded as necessary in tuberculosis, typhoid fever and other well known communicable diseases."

During the months of April, May and June there were a total of 16,867 births reported and 10,292 deaths in the state. Of these deaths, tuberculosis led the list with 1,153, pneumonia and bronchial troubles second, with 1,146; heart and circulatory troubles caused 1,093 deaths. Typhoid fever had but 116 to its credit. There were 474 accidental deaths, 169 suicides and 67 homicides.

The record for Nodaway county was 140 births and 67 deaths for that quarter.

## RETURNS AFTER 31 YEARS.

Had Not Been Heard From for the Past Twenty-Five Years.

John Nicola was given a happy surprise one day last week when his son Charley dropped in on him. Charley left Hopkins some thirty-one years ago, and his father nor anyone of the relatives had heard from him during the last twenty-five years.

He has been all through the west and during his absence accumulated considerable of this world's goods, but, unlike most men, he has neglected to secure for himself a wife, so it is generally conceded that his return to this city is to capture one of the many fair damsels for which Hopkins is noted.

Many changes have taken place in Hopkins since he left here, and there is also a great change in Mr. Nicola, who is now a large, well proportioned man, while he was a mere stripling of a lad when he left here.—Hopkins Journal.

## Returned From California.

John Mutz of the Bee Hive Shoe company returned Wednesday night from a business and pleasure trip to San Francisco Cal., where he took a car of Shorthorn cattle for Charles D. Bellows. Mr. Mutz spent several days at Hanford, Cal., the guest of Miss Jennie Stewart.

## TO HAVE NEW BAND

COMMERCIAL CLUB TO TAKE UP ADVISEMENT OF MATTER.

## WE NEED A GOOD BAND

L. V. Lawler of the Albany Band is in Town to Meet Our Band Men Thursday Evening.

It looks now as if Maryville is going to have a permanent band and orchestra. A number of the band boys have been busily at work to see if a leader could be secured. They have received offers, and the matter will be taken up soon.

L. V. Lawler, director of the Albany band, which played in Maryville during the recent street fair, was in the city Thursday and will meet with the band boys and several others at the Commercial club rooms this evening. At that time a proposition will be made by Mr. Lawler. The matter will be taken up by the Commercial club at their regular meeting next Tuesday evening to see if the club can help out the boys.

Maryville surely needs a band. While we have had one for some time, there has been no organization and very little practice since Donald Cady, the last director, left. With a good leader a band could be organized here that would be hard to beat.

## DIED AT SUMPTER, ORE.

Former Maryville Girl Died Sunday—Was Mary Lee Huyett of St. Joseph.

Mrs. Baird's death occurred last Sunday. She is survived by her husband, twin daughters one week old, her parents and two brothers, Will L. Huyett of Jerome, Idaho, and M. S. Huyett, Jr., of St. Joseph, and one sister, Miss Eda Huyett, at home. Mrs. Huyett went to Oregon last week and arrived the day before her daughter died. The funeral services were held Thursday. Mrs. Baird was 35 years old.

## ADDRESSED Y. M. C. A.

Rev. C. J. Miller Gave Some Reasons Why a Young Man Should be a Member.

All the young men who were present at the Y. M. C. A. meeting at the Normal Thursday morning were convinced of the value of being a member of the Y. M. C. A. by Rev. Claude J. Miller's address on "Why You Should Join the Y. M. C. A." Rev. Miller gave some excellent reasons why a young man should be a member of the Young Men's Christian association. He touched on some very interesting personal reminiscences of his Y. M. C. A. work when he was a student in Drake university. The interest in the Y. M. C. A. at the Normal is growing rapidly and the organization promises to become an important factor in the school life of the young men of that institution.

## FOR FAIR WORKERS

COMMERCIAL CLUB DINED THEM WEDNESDAY NIGHT.

## STREET FAIR NEXT YEAR

With a Big Stock Show—Will Be Given—Resolutions to Be Drafted for Mayor Robey.

The fish fry supper given at Binter & Green's cafe Wednesday evening by the Commercial club, complimentary to the street fair workers, was certainly a success and largely attended. One member of the street fair committee that was absent was Mayor Arthur S. Robey, who was president of the street fair association. A letter from Mr. Robey was read by Toastmaster Frank G. Shoemaker, saying that he was sorry that he could not attend, and expressed the hope that more gatherings of the kind could be held, as it meant much for the welfare of Maryville.

A committee composed of G. B. Roseberry, W. F. Bolin and Nic Sturm was appointed by Mr. Shoemaker to draft resolutions expressing the sympathy of the entire assemblage to Mayor Robey in his deep grief.

After the supper was served a number of short talks were given. From the sentiment of those present Maryville is going to have a street fair and a stock show next year that will far outclass anything in this part of the country. R. P. Hosmer talked on the stock features and said that for next year horses, cattle, hogs and poultry should be added to the fair. This brought up the subject of an old-fashioned county fair, which has been discussed for some time.

Other talkers of the evening were F. P. Reuillard, Lawrence Schumacher, F. P. Robinson, J. F. Hull, Mark Turner, W. F. Bolin and John Price.

## SOLD NEWS STAND.

### BEN CRAVENS REARRESTED

TAKEN BY OKLAHOMA OFFICERS AT PENITENTIARY GATE.

Desperate Man Must Now Answer for Killing Postmaster at Red Rock in 1901.

Jefferson City, Nov. 9.—Charles Maust, identified as Ben Cravens, the notorious outlaw, was arrested as he stepped from the state prison gate to be taken to Oklahoma to be tried in the United States court for two murders.

The arrest was made at midnight to get ahead of the Kansas officers, who had arrived to take him to Lansing to complete a 25 year sentence for robbery in Chautauqua county.

Four Oklahoma officers and two officers of the Kansas penitentiary identified Maust as Cravens when he was arraigned before United States Commissioner Geisberg for the killing of the postmaster at Red Rock, Ok., in 1901. That section was then an Indian reservation, hence the offense charged will be tried in the federal courts.

Cravens was then turned over to A. J. Martin of Kansas City, United States marshal, who took him as far as Kansas City, where he was given up to government authorities from Oklahoma. Cravens was heavily handcuffed and in addition wore a heavy leg iron.

Cravens' body bears scars from bullet wounds and upon these, partly, his identification as Cravens was established. Cravens asserts he was not shot by Oklahoma officers in a fight which resulted in the death of a companion, but that he was shot by Kansas authorities when he escaped from the state penitentiary at Lansing, after holding up guards with a dummy revolver.

Cravens, under the name of Maust, was sent to the Missouri penitentiary in 1893 to serve three years for robbery.

##### Typhoid Spread by Pop.

Topeka, Nov. 9.—A warning to pop-makers regarding water used in making soda pop has been sent out by the Kansas board of health. It has long been asserted by pop manufacturers that the carbon dioxide gas in the pop under pressure killed all bacteria. N. P. Sherwood and C. C. Young, in charge of the water laboratories of the board of health, found that germs still lived in soda pop and that there was danger of the spread of typhoid fever.

##### Cattle Wrecked a Train.

Tulsa, Ok., Nov. 9.—A southbound Midland Valley passenger train was wrecked by a herd of steers four miles north of Skiatook. The cattle were asleep alongside the track and the approaching train caused them to stampede and charge the locomotive.

## METHODIST BISHOP SUED FOR LIBEL

New Development in Topeka's Missionary Society Row.

MRS. COPE ASKS FIFTY THOUSAND

Churchman Refuses to Retract Charges And Committee Is Unable to Troubleshoot.

Topeka, Nov. 8.—A suit for libel for \$50,000 damages was brought by Mrs. Carrie Cope against Bishop David H. Moore of Cincinnati. The bishop refused to retract his charges against Mrs. Cope made in a letter relating to trust funds in the care of the Topeka woman.

Four bishops of the Methodist church were in Topeka all afternoon trying to work out a settlement of the legal and personal controversy in the church growing out of the bequest of Mrs. Fannie Murray. When Bishop Moore refused to retract, all negotiations were off and just as fast as lawyers could get to the courthouse the libel suit was filed. Bishop Moore was served with the summons shortly after 5 o'clock.

Mrs. Cope alleges that a letter by Bishop Moore was calculated to injure her "as a citizen, as a wife, as a mother, and as a Christian." She declares she has been "humiliated, pained and hurt" and that she is entitled justly to damages in the sum of \$50,000.

That is the second suit Mrs. Cope has brought. The first one was filed at Wichita against Mrs. George C. Robinson of Detroit, president of the Women's Home Missionary society of the Methodist church. At the Kansas conference at Abilene in March Bishop Moore wrote a letter to Mrs. Robinson regarding the Murray trust fund. This letter was circulated by Mrs. Robinson and caused the libel suit against her.

"I have nothing to retract," Bishop Moore said. "I meant no reflection on the financial honesty of Mrs. Cope and there is nothing in the letter that I need apologize for. I have been sued and that is a novel experience for me."

C. W. Smith of Portland, Ore.; J. P. Berry of Buffalo and J. L. Nielson of Omaha, all bishops of the Methodist church, came to Topeka shortly after noon to see what could be done.

### THREE BIG TEACHERS' MEETINGS

Annual Sessions Open in Missouri, Kansas And Iowa, Addressed by Noted Men.

Topeka, Kan., Nov. 9.—"What Next in Kansas Educational Work" was the keynote sounded by President M. E. Pearson when he called to order today the State Teachers' association, and the entire program is designed to answer this question. Men and women eminent in various lines of educational work are among the speakers. The boy scouts in uniform meet all incoming trains, and the women of Topeka have arranged ample entertainment for the spare hours of the visitors.

Des Moines, Ia., Nov. 9.—A session of the educational council this morning was the opening event of the 57th annual meeting of the Iowa State Teachers' association. Chairman A. M. Deyoe of Des Moines, state superintendent of public instruction, presided. At the first general session of the association this evening there will be a band concert, followed by addresses by President Fred Cahanah and William G. Frost, president of Berea college, Kentucky.

Hannibal, Mo., Nov. 9.—Park theater was thronged with teachers this morning when the annual meeting of their state association opened, and they had a foretaste of the excellent program arranged in the addresses delivered and the music. The speakers were President John W. Withers of St. Louis, Dr. Earl Barnes and Dr. W. C. Bagley. At the same time in the Presbyterian church another audience heard papers by H. W. Foght and others. The general and department sessions will continue through Saturday.

##### Mabray Bond Too High.

Council Bluffs, Ia., Nov. 9.—Mrs. J. C. Mabray is interceding with the officers of the district court in an effort to secure a reduction in the bond demanded of her husband, now in the Polk county jail awaiting trial on 23 charges in connection with the operation of the Mabray "swindle syndicate." The aggregate bond that may be exacted of him is \$115,000.

##### Missouri a Lemon State.

St. Louis, Nov. 9.—Lemons weighing 1½ pounds each and grown within the borders of Missouri are a feature of the fifth annual flower show of the St. Louis Horticultural society.

##### Churches Will Advertise.

Topeka, Nov. 9.—The churches of Topeka are going to commence advertising in the local papers and pay the regular rates. Rev. F. L. Loveland, pastor of the First M. E. church, will be the first to start it.

## CARDUI WORKED LIKE A CHARM

After Operation Failed to Help,  
Cardui Worked Like a Charm.

Jonesville, S. C.—"I suffered with womanly trouble," writes Mrs. J. S. Kendrick, in a letter from this place, "and at times, I could not bear to stand on my feet. The doctor said I would never be any better, and that I would have to have an operation, or I would have a cancer.

I went to the hospital, and they operated on me, but I got no better. They said medicines would do me no good, and I thought I would have to die.

At last I tried Cardui, and began to improve, so I continued using it. Now, I am well, and can do my own work. I don't feel any pains.

Cardui worked like a charm."

There must be merit in this purely vegetable, tonic remedy, for women—Cardui—for it has been in successful use for more than 50 years, for the treatment of womanly weakness and disease.

Please try it, for your troubles.

## TURKS DID NOT ASK MEDIATION

U. S. Was Only Asked to Intervene  
to Stop Atrocities.

### AMERICA WILL NOT INTERFERE

Italy Declares Only People Guilty of  
Cruelties Were Arabs—European  
Powers Only are  
Concerned.

Washington, Nov. 9.—Misconstruction of the appeal made by Turkey at Tripoli resulted in the issuance of a statement by Youssouf Zia Pacha, the Turkish ambassador, declaring that Turkey had no wish that the United States should act as a mediator to end the Turko-Italian war.

"The call which the embassy made on the Washington government October 4 had for its object a request of the state department to intervene in order to bring about cessation of the atrocities committed by the enemy against women, children and the defenseless population of Tripoli," said the ambassador, "This appeal did not imply in any form, whatever, a request for mediation, as has been reported in some quarters."

Further official denials from the Italian government of the rumored atrocities by Italian troops at Tripoli were given out during the day through the Italian embassy. Three cablegrams from the minister of foreign affairs, San Giuliano, were made public by Marquis Cusani Confalonieri, the ambassador.

The first of these said: "I beg your excellency to deny in the most absolute and emphatic form the alleged Italian cruelties. The Arabs are the ones who are guilty of atrocities against our soldiers."

Another official dispatch denies the statements heretofore made that Gen. Caneva had authorized the troops to shoot all Arabs suspected of having borne arms against the Italians. It was stated that many of the Arabs actually found with arms in their possession were deported instead of being shot.

Apparently the state department has decided to take no action upon the protest of the Turkish government, contenting itself with a bare acknowledgement of the receipt of the protest and meanwhile closely watching developments. The department officials still are firm in their conviction that the issue between Turkey and Italy is one that concerns European powers alone.

American Consul John Q. Wood, at Tripoli, reported the city in an extremely unsanitary condition. He advised state department that he did not desire to avail himself of the refuge offered by the cruiser Chester, which has arrived and sailed almost immediately for Marseilles.

### BURGLAR SCARE FALSE ALARM

Wichita Woman Got Up in Her Sleep  
And Put Money in Wood  
Box.

Wichita, Kan., Nov. 9.—For several hours Mr. and Mrs. C. C. Wilbur hunted for \$1,200 they had when they went to bed. The presence of so much money in the house weighed on Mrs. Wilbur's mind and it is supposed that while asleep she rose and, taking the roll of bills from a supposedly safe hiding place where her husband had left it on going to bed, secreted it. In the morning the money could not be found and no one could recall having disturbed it. Detectives were summoned, but before they reached the house a member of the family discovered the missing money in a woodbox.

### Nature's Hair Restorer

### Restores Gray Hair to Natural Color

Sulphur is a Natural Element of the Hair

When there is not a sufficient amount of sulphur in the hair, it loses its life, color and strength, turns gray, and falls out. There are many forms of sulphur, but only one kind that is suitable for treatment of the hair and scalp, and that is the kind used in preparing WYETH'S SAGE AND SULPHUR HAIR REMEDY.

We Have the Secret, and We Give You the Benefit of It at an Exceedingly Low Price

For two or three years my hair had been falling out and getting quite thin, until the top of my head was entirely bald. About four months ago I commenced using Sage and Sulphur. The first bottle seemed to do some good and I kept using it regularly, until now I have used four bottles. The whole top of my head is now fairly covered with hair, and it keeps coming in thicker. I shall keep on using it a while longer, as I notice a constant improvement.

### THE TIGERS LEAD

In the Normal Basket Ball Tournament With a Percentage of .642.

Standing of Teams.	P.	W.	L.	P. Ct.
Tigers .....	14	9	5	.642
Athletics .....	13	8	5	.615
Dodgers .....	14	7	7	.500
Dwarfs .....	13	5	8	.384
Giants .....	14	5	9	.357

Again Captain Mitchell's "Bengals" are leading the basket ball tournament as a result of their trouncing the Dodgers Wednesday night by a count of 17 to 8. The Athletics remained idle, hence they retain their percentage of .615. Wednesday's defeat practically puts the Dodgers out of running, though they still have a scant chance to win the rag. The game last night was hard fought, especially in the early period, the first half ending in a tie, 5 and 5. In the second half Nixon replaced Miller at center, and his place was taken by Holmes. This combination worked to a better advantage, and after Captain McGrew of the Dodgers was benched for disputing the referee's decision the Tigers had little trouble in winning. The line-up:

Tigers—Mitchell and Carpenter, forwards; R. Miller and Nixon, center; Nixon, Holmes and Scott, guards.

Dodgers—Farris and Denny, forwards; H. Seymour, center; McGraw, Mutz and Parman, guards.

Summary—Field goals, Carpenter 2, Mitchell 3, Scott 1, H. Seymour 2. Free throws, Carpenter 5, Denny 2, Seymour 2.

In the after-show the Dwarfs humbled the Giants in a walkaway score of 23 to 4. The Giants were held to one field goal and were equally as successful on the defence. Captain McClintock's men scored ten field goals, Daise leading in the attack with four. When it comes to defence the Dwarfs are about the "kandiest bunch what is." Captain McClintock himself can guard two men and not get out of breath, either. His position on the first team is assured.

The line-up of the Dwarf-Giant game:

Dwarfs—Dunshee, Daise and LaMar, forwards; Breit, center; McClintock and F. Miller, guards.

Giants—V. Seymour and Taylor, forwards; McDougal, center; Hanna and Price, guards.

Summary—Field goals, Price 1, Dunshee 1, Breit 3, Daise 4, McClintock 1. Free throws, Seymour 2, Dunshee 3, Daise 1.

At the request of the fans the basket ball games scheduled for Friday afternoon will be played Friday night at 8:15 o'clock at the Normal gymnasium.

As the tournament closes next week the games Friday night will be very hotly contested. An admission of ten cents will be charged. The Athletics will line up against the Giants and the Dwarfs will play the Dodgers.

Five Separate Times Gave Sister Poison to Be Placed in Wealthy Father's Food.

Northwood, Ia., Nov. 9.—Mrs. Ella Larsen was placed on trial in the district court here, charged with attempting to poison her father, Douglas Rhodenbaugh, a wealthy farmer.

Marion Rhodenbaugh, a young sister of Mrs. Larsen, was among the first witnesses. She testified that Mrs. Larsen gave her Paris green five separate times and told her to mix the poison in tea, coffee and other food prepared for the father. The dates of these attempts at poisoning ranged a year ago to within the last four months.
